

# 2020-2021 Mathematics Club

Teacher-in-charge:  
Mr. Gavin Ip

# Objectives

- To cultivate the interest of mathematics of all members
- To develop the logical and critical thinking of our students
- For S.1 students, as they just start learning Mathematics in English, we can help them comprehend the contents in textbook
- To help students developing a habit of lifelong learning

# Mathematics Bi–Weekly Competition

- Held every 2 weeks
- All classes will receive a paper with 3 - 5 challenging questions
- Hand in the paper to your subject teachers after completion
- The students who are ranked Top 3 in the total score will be granted Certificates of Merits and/or Prizes
- The class which gets the highest percentage of participation will be granted a Certificate of Appreciation

# Mathematics Small–Group Tutorial Classes

- Held lunch time or after school
- Mainly catered for Form 1 students, but Form 2 and Form 3 students will also be welcomed to join in due course
- To help students solving Mathematics problems for consolidation of subject knowledge and enhancement of self-confidence
- Details of arrangement will be released later

**We wish you all  
having more  
interest studying  
Mathematics  
in KTGSS**
